### **Muzzleloader/Black Powder Hunters:**

Blaze orange- 500 sq inches of SOLID daylight fluorescent orange above the waist- meaning a hat and vest. NO CAMO ORANGE

In lines, shotshell primers and only open site muzzle loaders are legal

Must have loose black powder- no pelletized powder systems

Powerbelt or Thor style bullets no SABOTS

No battery powered devices attached to the muzzleloader and no scopes

### **Rifle Hunters**

Average Temps for October HI: 60 Lo: 25

5 days of rain or snow during the month avg

Average Temps for November Hi: 50 Lo:15  
8 days of snow or rain during the month avg

You want to prepare for cold mornings and evenings but warm days. We use a layering system so you can stay warm in the mornings then peel a layer off to hike and put it in your pack and then be able to put it back on for the evening or for sitting and glassing. Prepare for snow and wet.

High quality boots that are waterproof for hiking- typically 400 grams of insulation  
Shirts- layering system, tee shirt, merino wool long sleeve, hoodie or sweatshirts we often add a vest on top.

Midnight coat

Heavy parka

Long underwear

Light and heavy gloves

Good moisture wicking socks

Rain gear or waterproof outerwear

Hat and ear covering

Gators

Personal toiletries and meds

Blaze Orange Requirements for all rifle hunters. Blaze orange- 500 sq inches of SOLID daylight fluorescent orange above the waist- meaning a hat and vest. NO CAMO ORANGE
